

## Deanna Cumberland

Hi fellow WRJSL members! My name is Deanna (Iskra) Cumberland. I grew up in Chesterland, Ohio and graduated from West Geauga High School, and then completed my Bachelor of Science in Sports Medicine at Eastern Michigan University. I was then transferred to Columbus to complete my internship at Riverside Hospital and once completed, I obtained a full-time position in State Farm Insurance handling disability and property claims for 16 years. In 2003, I got married and welcomed our blessed son, Dylan in 2005!

Life always makes some changes in your life, so I had to make a change in my life in 2015 to help my family up here in Chesterland. I moved up to assist my parents as my father was getting ill. I also took on a new position at the Cleveland Clinic as an Administrative Assistant II for a world-renowned surgeon and have been with this company in other positions for the past 7 years.

In my spare time, I love sports; playing, watching, cheering for the kids especially my son who is now on the Adrian College Rowing team! 😊 Football is my favorite, and love to entertain and watch it with others. I really enjoy cleaning, trying new recipes, running, new medical news/info, and helping anyway possible with family and friends. Thank you, and I look forward to meeting you all and adding my impact to the community.
